To the Selectmen of Northwood

Gentlemen:

Your Petitioners respectfully represent that a public road leading from the end of the road near Ebenezer Knowltons in said Northwood running near the dividing line between the said Ebenezer Knowltons and David Knowlton's land to Deerfield line would be of great public utility as it would greatly shorten the distance from the Turnpike Road in Northwood to Deerfield Parade — and a much better road may in that direction be easily made than that which is now travelled. Your petitioners therefore pray that such a road may be laid out and opened as soon as may be.

Oct. 27, 1812

Philip Hoitt	Thomas Knowlton
Stephen Knowlton	Simeon Johnson
Jacob Batchelder	Samuel Batchelder
William Swain	Daniel Durgin
John M. Shute	Joshua Furber, Jr.
Eben Knowlton	David Knowlton
Ebenezer Durgin	Thomas Durgin
John Durgin	John Shaw
James Knowlton	Nathan Hoitt
Jedidiah Weeks	Richard Hoitt

The above was given Selectmen by Mrs. Roxanna Richardson, being a copy of Petition handed Selectmen in October, 1812. It is of interest this year as it covers the approximate location now served by Mountain Ave, for which the Town has raised money for many years, to construct a Class 2 road.

We would suggest that persons desiring to leave a sum of money, the income of which is to be used for the care of cemetery lots, should deposit at least $200.00.

At the present rate of interest ,wherever possible, those funds the principle of which is $100.00 or less, should be increased.

REPORT OF THE LIBRARY TRUSTEES

The Albion Knowlton library at the Ridge has been cleaned and redecorated. This library is used for the most part by the school children and for this reason when the redecorating was done the books which have been unread for many years were put in cartons and placed in the basement of the Chesley Memorial Library where, with the help of Miss Pratt, state librarian, the trustees may examine them and then place them on the shelves of the Bryant and Chesley Memorial libraries where they may more easily be reached.

Now that the Chesley Memorial Library has been open for a year a few statistics on its use might be interesting to you. There have been 4,044 books loaned. 1,219 of these have been non-fiction and 781 of them children's books.

The library has been open at least 280 hours during 1955.

Many interesting exhibits have been placed in the library throughout the year and it is hoped that others will take this opportunity to share their hobbies and interests with the folks who use the library.

There have been 584 new books put in circulation in the Northwood libraries in 1955.

We are very grateful to the following people who have donated books:

Mr. Dayton M. Henson, Durham, N. H.
Mrs. Leighton Allen
Rev. Frank Neary
Mrs. Daniel Miner
Mrs. Alvin Leighton
Mrs. Russell Watt
Mrs. William Hill
Mrs. John Scribner, Strafford, N. H.

Two complete sets of Northwood Town reports were given by Mr. Edward Tasker, Mrs. Daniel Miner and Mrs. Arthur Price.

Miss Mattie James, who died recently, was librarian

at the James Bryant Library from the time it opened. The trustees and residents have appreciated her sincere efforts and interest in this position.

The following is a statement of receipts and expenditures for the year ending December 31, 1955.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Northwood:

The September enrollment in the schools of Northwood was as follows:

School	Grade	Pupils	Teacher	Room
Brookside	1	17	Miss Una G. Dearborn	27
Brookside	2	10		
Brookside	2	12	*Mrs. Annie C. Giles	28

Ridge	7&8	7		
Ridge	7	16	*Mrs. Shirla B. Smith	27
Ridge	8	11		
		Total Elementary		135

* Principals

Northwood district tuition pupils attending secondary schools are distributed as follows:

School	Grade IX	X	XI	XII	Total
Coe-Brown Northwood Academy	15	10	9	11	45
Dover High School	2		1	1	4
Total	17	10	10	12	49

In my first annual report to the citizens of Northwood, I should like to pay tribute to my predecessor, Chester W. Doe, for the excellent condition in which he left Supervisory Union No. 44 and for his assistance in the transition which occurred August 1, 1955.

The Northwood pupils and teachers also paid tribute to Mr. Doe's many years of service last June with a gift of money in token of their appreciation.

Northwood is fortunate in having Mr. Frederick A. Johnson as director of music. Besides his supervision of vocal instruction, he has developed an instrumental program which does credit to the community.

While I am in a complimentary mood, I should like to mention the P.T.A. for their support and donations, particularly the microscope to the Ridge School, the people who are devoting much time to the school lunch program, and the cooperation of the school board and the citizens of Northwood.

There are two major problems facing the public schools today. They can be resolved with the cooperation of the citizens, teachers, school board members, and administrators. These problems are: (1) Teacher Procurement; (2) Cooperative School Districts. Therefore, you are urged to study the two problems as they are presented below:

Teacher personnel procurement is becoming more and more difficult. There are few, if any, former teachers living locally who can be called into service. This makes it necessary to compete with other supervisory unions for the few that are coming out of the colleges, and these young teachers are taking advantage of the law of supply and demand — consequently, salaries are increasing. It seems to me that we should retain the qualified teachers that we now have by meeting this competition. Too often we lose an experienced teacher and find ourselves paying more to an inexperienced teacher in making the replacement. Another factor which makes the problem more complicated are the teachers who are not far from retirement and wish to improve their retirement benefits by seeking higher salaries. The pupils in rural areas are entitled to as good teaching as those in urban areas.

The Cooperative School District is a trend of the future. You are urged to review my predecessor's

annual report of 1954, and to invite Professor Austin L. Olney to present the material and data which he and his committee have assembled. I shall be glad to make the arrangements.

The combined bonding capacity of the several former school districts constituting a cooperative school organization provides, ordinarily, a sufficient total assessed valuation to meet the costs of needed new building construction.

The enrollments of cooperative school districts are large enough to keep the unit costs per pupil, or per classroom, reasonable, economical, and justifiable to the taxpayer.

The tax rates on property to retire necessary bonded indebtedness are not excessive because they are spread over a large district assessment.

The costs of new building construction are equalized among the several districts because the tax levy is made according to the ability to pay. The State will pay 40% of annual payments on principal of all outstanding district indebtedness.

It would be gratifying if local citizens would indicate their interest in considering the possibilities offered in belonging to a cooperative school district.

Respectfully submitted,

RAMON MARTINEAU
Superintendent of Schools
